# editor's note growing member share capital

As credit unions continue to grow and regulation of financial institutions increases, the conversation on Member Share Capital (Shares) and the need for members to invest more in their credit unions is intensifying.

Our Board of Directors has recently adopted a policy for growing Shares aimed at further increasing the safety and soundness of our Credit Union. This decision is rooted in credit union structure and philosophy. As we are aware, credit unions are financial cooperatives and are owned by the members who are the main customers. Members are the only investors in their cooperative credit union. For this reason, we really must ALL invest in NCCU by buying more Shares. Shares are a solid investment in our credit union. They not only help to keep NCCU strong but also earn attractive dividends of 6% annually.

The new policy requires members applying for loans to buy more Shares (see below). Even if we are not borrowing at this time, we can still invest in more Shares. NCCU's Member Share capital will certainly grow if we all commit to buy at least one Share every year.

One Share costs \$50 and can be purchased at any NCCU Branch. We can also consider saving small amounts regularly for purchasing more Shares.

### **NEW POLICY ON MEMBER SHARES**

From June 1, 2013, NCCU members are required to buy more shares when taking out loans for the purpose of further strengthening our Credit Union. The number of shares to be purchased by members are as follows:

### LOAN AMOUNT

Loans of up to \$10,000

Loans from \$10,001 - \$ 49,999

Loans of \$ 50,000

Loans over \$50,000 and up to \$99,999

Loans of \$ 100,000

### **MEMBER SHARES NEEDED**

At least two (2) Shares

Four (4) Shares

Five (5) Shares

One (1) additional share

Six ( 6 ) Shares and (1 ) additional share for multiples of \$50,000 thereafter

Invest in more Member Shares today. 1 Share = \$50

# **ROSEAU PRIMARY SCHOOL IS MOST IMPROVED SCHOOL**

NCCU congratulates the Roseau Primary School on topping the list of Most Improved Schools. The school performed well in the national assessment examinations and for the first time obtained three scholarships and two bursaries in the 2013 Grade Six Assessment exams. We salute the principal, Greta Roberts, the dedicated teachers and students on this achievement.

Over the past two years, NCCU funded a literacy project at the Roseau and Goodwill Primary Schools. This project, undoubtedly, contributed to Roseau Primary and the students' success.

# legal talk consistency in names

By Michelle Matthew, NCCU Legal Officer

At times, we at NCCU come across situations in which a person has one name on his social security card or passport and then a completely different name on his credit union account. Eventually a difficulty is posed when the member is required to provide identification.

To rectify the inconsistency in names, the member will need to visit a lawyer to obtain an Affidavit of Identity. The Affidavit of Identity is a sworn document in which a person deposes that the two or three names relate to the same person.

Members are therefore advised to ensure that the name on their credit union account is in sync with the name on their birth certificate and identification cards.

Persons nominating a beneficiary to their accounts should ensure that the beneficiary's proper name is reflected on the nomination card and not the beneficiary's nickname.

# NAMING A BENEFICIARY

You can name a beneficiary or beneficiaries to your NCCU accounts. Make those designations carefully, since they override the provisions in your Last Will and Testament relating to your NCCU account. Consider the following points:

- Review your beneficiaries periodically to determine whether changes are necessary. A spouse's death divorce, remarriage, or child's birth are all events that may require changes to beneficiary.
- Name a contingent (alternative) beneficiary in case your primary beneficiary dies before you. You want to ensure that the persons you intend to benefit actually do.
- When naming more than one beneficiary, indicate what percentage of your savings each beneficiary should receive if you do not wish to have it equally distributed. (Note: At least two NCCU Member Shares are needed if more than one beneficiary is being named)
- Assess whether your beneficiaries are capable 11 of managing the inheritance. If not, you may want to make arrangements to control distribution.

Cadence Lypso fans will once again be thrilled to old school and Cadence nouveau when the 2013 NCCU Cadence Lypso show comes alive at the Newtown Savannah on Saturday October 19, 2013.

A whooping \$15,000 is up for grabs again this year with \$5000 and \$2500 offered for the second and third places.

A CD will be produced and is expected to be available in advance of the show.

Tickets go on sale in September and will cost \$40 in advance and \$50 at the gate. Ticket specials will be held periodically, and patrons are advised to stay tuned for dates, times and places.

The 2nd edition of the Show was launched at NCCU's headquarters on July 15, 2013, and patrons have been promised a bigger and better show this year.
